Chapter 1

The Nurses Duty Is To Look After

Her Patients

Marian is in charge of a group of wards at the Neath Port Talbot Hospital and always expects her nurses to attend to the patients needs that means all their needs be it a female needing some cock from a male nurse or a female nurse having to give special attention to a male patient and Marian as always was leading by example having so far today spent some of her shift either being bent over anything handy or flat on her back on

some patients ward or in a side room bed, Marian even having her pussy licked by a female patient while that female's husband fucked his wife.

At one point both Marian and Sue another nurse who like Marian wore no panties or bra and also enjoyed the cock teasing side of the job had caught a young 19 year old male patient wanking on his bed to a magazine open on readers wives section and Marian her self who was the wife of the month.

Sue was the first to notice so fetched Marian who remarked

'You do not need to be wanking over those when you can get the real one!' as she picked up the magazine and put it one side. Marian then grabbing his left hand and thrust it up her uniform and on to her hairy pussy.

'Fuck where are your panties?' the young male asked.

'Oh I suspect my 2nd husband is wearing them!' Marian replied as she grinned at Sue.

'Your second husband?'

'Yes her 2nd husband wears her panties as some one as to wear them has Marian dose not wear them!' Sue remarked as

he thrust his other hand up her uniform and on to her shaved pussy and added 'Like my boss here I don't wear panties to work either.

Both nurses then strip off their uniforms and get on to the bed with the young 19 year old male.

'Yes don't wear any bra's either!' Marian added as they let the male grope and suck on their tits. Then they Marian kissed him with full tongues as Sue gave him a hand job and teased his cock end with her nails before she took him in to her mouth and deep throated him.

After a short while Sue stops looks at Marian gives her a kiss with full tongues remarked 'Marian I think you should try him his cock is so good it is like I am giving Gareth your step son a fucking blow job!' before she returned to giving the male patients cock a blow job.

Chapter 2

Having Marian From The Magazine

After a short time Marian takes over sucking the young male's cock, Marian gagging and slurping on the young thick pork sword while Sue was now sat on the males face having her shaved pussy licked and as ass fingered.

After a while both Nurses swapped around again so that Sue was once more giving the male a blow job while Marian was now sat on the males face having her soaking wet hairy pussy fingered and eaten.

Chapter 3

Then turning to Sue Marian added 'Fuck Sue he can fuck as good as my step son and he is fucking hung like a fucking horse just like his dad!'

Then as she climaxed Marian screamed at the top of her voice 'George do not fucking stop keep fucking pumping. Oh Fuck me harder. Oh do not fucking stop I am going to fucking cum!'

Chapter 4

Sue Takes Her Turn

'Your coming with us as we are both gagging for some student cock in our well fucked milf cunt's!' Marian remarked as they led him into Marian's office.

Chapter 7

A Two Girl Show For The Student

squirted.

'Fuck Sue he might be about my step son's age when we first fucked him but this one is no novice when it comes to a good muff diving!' Marian moaned before she was brought over the edge again and just like before Marian squirted as she climaxed.

'Fuck I just have to try his cock in my cunt Marian!' Sue remarked after she had taken the student nurse out of her mouth and mounted the desk and sat down on his cock taking it deep in to her soaking wet pussy and rode him cowgirl facing
